Acquitted of Murder

Laura Gray was acquitted in the Nicholas Circuit Court of the charge of murdering her infant child. The Jury was out thirty minutes.

Lost Pocketbook

Ewing Enquirer.
Louis Mauser, while in Mayville Friday, lost his pocketbook containing \$15 and some important papers. Ticket Agent, Ellis, at the L. and N. Depot, found it and gave Mr. Mauser notice by telephone before he reached home.

MAYSVILLE, KY., FRIDAY, MAY 5, 1911.

ONE COPY—ONE CENT.

The Cotton Blossom Showboat will be at the wharf in this city May 11th.

On June 1st the L. and N. will increase the round trip fare from Mayville to Flemingsburg from \$1 to \$1.25.

Take Lexington Herald. Full Bluegrass League scores. First daily in town. 15 cents per week, daily and Sunday.
C. E. Dietrich, Agent.

MRS. LAURA RUSSELL WHITE

Passes to Final Rest at Her Home in the County

Mrs. Laura Russell White, aged 67 years, widow of the late David S. White, and daughter of Dr. and Mrs. J. L. Russell, died at 6:30 Thursday evening, May 4th, at her residence in the county.

One sister, Mrs. Clara Russell Burns of Wilmington, Ohio, three sons—D. Sam. C. M., J. L. and one daughter, Miss Alice, survive.

Funeral at residence Saturday at 10 a. m. Burial in the Mayville Cemetery.

PUTTING IT OFF

Is a bad habit when it is a question of buying coal. The first thing you know you are all out and there is coolness of many kinds in the house. Better have too much than not enough. Coal will keep without spoiling. Suppose we send you a ton or so to keep your supply up to comfortable proportions.

MAYSVILLE COAL CO.

PHONE 113.

Outbreak of Scabies

Scabies is said to be very prevalent among the sheep in Nicholas county, and a thorough inspection of the flocks will be made at once. The inspection will be made by County Inspector Alfred Murray and Dr. A. J. Payne of the National Bureau of Animal Inspection.

Join the Maccabees

The State Convention of this progressive Order will be held in Mayville on the 12th of May, at which time a large class of candidates will be admitted, and following the beautiful ritualistic ceremonies a banquet will be served, the Representatives, State and Supreme officers and candidates being entertained by Mayville Tent No. 92.

The Knights of the Maccabees is one of the largest Associations of its character in America, having a membership of over three hundred thousand. Its jurisdiction includes every State, Territory and province of North America and Canada, and while it has paid to the beneficiaries of deceased members over \$42,000,000, it has an accumulated surplus of \$10,000,000.

Protection can be secured to the extent of \$3,000, and at a nominal cost, premiums payable monthly or annually as the member may elect. Mayville Tent is composed of forty-two of its representative citizens and was organized in 1902.

Special inducements are offered those who may apply for membership in time to be admitted during the session of the State meeting, \$4 covering all preliminary fees.

As an insurance institution we believe the Knights of the Maccabees hasn't a peer throughout the country, and we most cordially invite our friends and neighbors to join with us in the cause of "Home Protection." Take advantage of this splendid opportunity and give us your application now. "Tomorrow" may be too late.

Done by order of the Tent.

MIKE BROWN, The Square Deal Man.

The Truehearts will have a candy sale Saturday at Harry Taylor's bookstore.

Mr. Samuel Owsley of Hopkinsville, one of the finest traveling men and most genial hotel clerks in the State, was in Mayville this week meeting his former old friends, Mr. Charles E. Carran being numbered among them. Mr. Owsley is a descendant of Governor Owsley and a relative of Congressman Owsley Stanley.

IMPORTANT MEETING

Representative of State Fire Prevention Association Here Yesterday

Mr. John O. Hobbie, representing the Kentucky State Fire Prevention Association, was a visitor in Mayville yesterday.

The purpose of Mr. Hobbie's visit was to arrange for a joint meeting of the Business Men's Club, fire insurance agents and citizens generally, to talk over the matter of fire prevention, insurance, etc.

The meeting has been arranged to be held at the Courthouse on Wednesday evening, May 24th, at 7:30 o'clock, and it is hoped there will be a large attendance.

The method of the Fire Prevention Association is for a representative, in company with local citizens, to inspect business houses, public buildings, etc., and thoroughly understand local conditions; then at a meeting of citizens talk over affairs, make suggestions and attempt to equalize insurance.

Mr. Hobbie placed Mayville in the front rank because of her up-to-date fire-fighting apparatus.

HAWAIIAN SLICED PINEAPPLE

Take our word for it, this is the most delicious fruit you ever tasted. The cans are as large as a tomato can and contain eight slices of luscious, ripe fruit. We pride ourselves on this article, knowing it to be the FINEST THING PACKED.

Phone 43.

Mr. Thomas F. Zweigart, son of Mr. and Mrs. C. F. Zweigart of the West End, has accepted a nice position in the First National Bank at Houston, Texas.

Mrs. Penelope Grant

The venerable Mrs. Penelope Grant passed away at 8:45 o'clock last evening at her home on the Taylor's Mill pike, at the age of 85.

Mrs. Grant's husband preceded her to the grave twenty-seven years ago. Surviving her are one daughter—Mrs. Dan Roe of Helena—and three sons—George, John and Charles, all residents of this county.

The funeral will take place from her late home at 10 o'clock Sunday morning, standard time, the interment following in the Mayville Cemetery.

DISTRICT CONVENTION

Program For Meeting Sunday at Mill Creek Church

Following is the program for the District Convention to be held at Mill Creek Christian Church Sunday afternoon at 2 o'clock, President Charles Bollinger presiding:

Devotional service—Rev. A. Lemar Willis.
Minutes of last Convention—Miss Ewan.
Appointment of Nominating Committee.
The Sunday-school and the Great Commission—Miss Mary Wilson.
Offering for State and county work.
"Decision Day"—Prof. J. W. Bradner.
Report of Winchester Convention—Miss Woods.
Roll-call of Schools and Officers—Miss Ewan.
Announcements.
Benediction.

This District includes Helena, Mill Creek, Lewisburg and Bernard. These schools are expected to send at least one delegate to this Convention.

Short-Length Linoleums, Oilcloths and Mattings

Every housekeeper has use for one or several pieces, and today the prices are so little that it seems almost like giving the goods away—particularly in the shorter pieces. That is why the response will be so prompt and enthusiastic, and the warning to be early is so necessary. There are over three hundred yards of Linoleums and Oilcloths, in lengths varying from 1 to 7 yards, at prices according to length and quality. Most of the goods are perfect, though a few are a trifle damaged from handling, and priced accordingly. Mattings in short lengths will be sold very cheap. None of these remnants can be cut, neither are they returnable, as the object in making the prices so low is to clean up stock effectually. Bring size of rooms to save delay and disappointment.

Mrs. Amanda Gregg Humlong, widow of George Humlong, Sr., died May 1st at Germantown, lacking 15 days of being 91 years old.

At the recent Convocation of County School Superintendents in session at Richmond, Miss Cora Wilson Stewart of Morehead was elected President, W. J. Jaynes of Bourbon Vice-President and Miss Jessie C. Vancey of Mason county Secretary of the Ninth District Teachers' Association. The meeting was a great success.

OUCH!

Ironton's Give Maysville Club Black Eye Yesterday—Score 3 to 2

Ironton won their first game of the series of exhibition games with Maysville yesterday afternoon in a ten-inning game, score 3 to 2. The river boys fell on Slack, Ironton's star pitcher, for fifteen hits, and outplayed them all around, but luck was certainly against them. The features of the game were the fielding batting of Poland and the pitching of Romine, who struck out fourteen men and allowed the visitors only four hits. Although we were defeated, Mackey is well pleased with the work of his team.

Following is the score by innings:

	R.	H.	E.
Ironton	1	0	0
Maysville	0	0	0
Ironton	2	3	0
Maysville	0	0	0
Ironton	3	2	0
Maysville	0	0	0

GARRETT WINS

Captures the Railroad Commissioner Plum at the Paris Convention on the Fifteenth Ballot

Hon. H. Green Garrett of Winchester captured the Railroad Commissioner nomination at Paris, on the fifteenth ballot, over Editor John D. Littlejohn of Grayson, by the close margin of forty-one votes, 477 being cast for the former to 436 for the latter.

The supporters of the victor claim that there never was any danger of their candidate being defeated, that they knew in advance just where and when they would get their votes, and that the organization of the convention Wednesday by the opposition was nothing but a pre-determined plan to their own by which all candidates might be made to feel they had a chance to win and the tie dropped one by one in a way that would leave party united and harmonious for the final fray to November.

Senator Bradley was not present on the floor of the convention.

The first ballot of the convention was taken and it resulted as follows:

Garrett, 300; Littlejohn, 121; Jones, 121; Siler, 121; Holm, 87; Davis, 61; Allen, 1; W. Brown of Laurel county, 20.

Littlejohn developed serious illness and a little antiseptic washing did not save him from the point.

One Way of Saving a Baby—Free to Try

The mother does not live who would not do all in her power to keep her child healthy, but often she does not know how. So when a doctor of standing points the way all can afford to listen.

It is an accepted fact that nine out of ten of the troubles of infants and children is intestinal. You notice it by the fact that the child is constipated, it belches, is peevish and cries. Don't give a remedy that contains an opiate, because the child will get in the habit of needing it, and don't become alarmed and run at once for a doctor.

Try a scientific laxative first. Give a small dose of Dr. Caldwell's Syrup Pepsin, the remedy that is intended for the use of children. It is mild, gentle and non-gripping. The remedy is absolutely pure and is guaranteed in every particular.

Mrs. Toomey of Elmingsville, Pa., and Mrs. Wood of Son, Druggists, Maysville.

Westminster Chimes

TUBULAR BELL CHIME

The Herschede Hall Clock as a timepiece, a tubular chime, and an article of furniture for home, office, or institution, appeals alike to utility, refinement, and musical taste. The perfect movement insures correctness of time; the solid oak or mahogany case, with classic lines, conforms to good taste; and the melodious tubular chimes, sounding the hours and quarters after the peals of Whittington or Westminster, serve as a pleasing reminder of the passing hour. The fifty styles give ample choice in design, size, and price, all showing the moon's phases in the dial arch. We are sales agents for The Herschede Hall Clock Co. of this city, and will send illustrated catalog on request.

Gifts by Mail. You can purchase gifts of Diamonds, Sterling Silver, Sheffield Plate, Gold and Silver Jewelry, Mantel Clocks, Etc., through our Correspondence Department at moderate prices. Correspondence solicited.

MAKES RAPID HEADWAY

ADD THIS FACT TO YOUR STORE OF KNOWLEDGE

Kidney disease advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headache, dizzy spells or a tired, worn-out feeling, or if the urine is dark, foul-smelling, irregular and attended with pain procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills. Read the statement of this Maysville citizen:

J. M. Lloyd, farmer R. F. D. No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and I hope that it will be the means of helping other sufferers from kidney trouble to find relief. About five years ago my kidneys suddenly became diseased and for several months I was bothered by constant dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. When I heard of Doan's Kidney Pills, I procured a box and, J. M. Wood & Son's Druggists began their use. They effected a complete cure, and since then I have not had backache or any other symptoms of kidney trouble."

For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Master Milton Russell, the manly little son of Mr. and Mrs. Thomas M. Russell, is delighted with a beautiful light aerial pony given him by his generous uncle, Colonel J. Harbour Russell.

THE PERRIE WELL

Near Dover May Prove a Gusher—Evidence of Oil—Is a Big Strike Near?

Will it be oil and gas or air and water? That is the question concerning the drilling of the well on the Perrie farm near Dover, by the Ohio Valley Oil and Gas Company of Maysville.

A party of Maysvillians Tuesday visited this well and were interested witnesses of the practical work of well boring. But the well is not bored, it is driven. A 40-horse-power engine lifts a beam which simply lets drop down into the 10-inch hole—the well—a 3,000-pound steel drill, 30 feet long. This heavy drill makes 50 lifts, or "pecks," each minute, water being poured into the well to keep down the dust and soften the rock. Thus 50 "pecks" a minute total 2,500 "pecks" or lifts every 25 hours. The reader can thus imagine that such a 3,000-pound steel drill can soon put a hole in any kind of rock.

To date 1,000 feet of solid limestone rock have been pierced by the drill in the Perrie well. Oil-bearing sand has already been found in small quantities and a gas pocket struck, which when ignited blazed up 20 feet high.

All this may amount to naught. It's oil and gas in huge volumes that make a real gusher, and within a day or a week riches or not may be reached.

The Perrie well is located in Bracken county, only a few feet from the Mason county line, on the Dover and Augusta mud and dirt road. One of the wildest examples of horrible Kentucky highway in the whole State. The road near the well is simply impassable, except to wade through mud and mire by man and beast. Think of the county officials of Mason and Bracken permitting such a road, and it, too, the only way to reach the celebrated Dover Fishing Shore on the Ohio river where Maysvillians are wont to caper and deport and make merry at Colonel Sam Frazer's annual fish fry.

But that's another story.

As to the Perrie well: The men who are driving down the well are Pennsylvania experts who get \$1.50 per lineal foot. If the well is 1,000 feet deep they receive \$1,500, if 2,000 feet, \$3,000.

The work of driving the well is quite interesting and will pay anyone to go down now and see how it is done.

The drill is going down at the rate of nearly 50 feet a day.

If a "gusher" is struck the noise of the escaping gas may be heard for miles; and if an oil gusher is struck it will take several good sized barrels and buckets to catch and hold the heavy, dark fluid.

Editor Stairs of The Dover News, who was with the Maysvillians last Tuesday at the well-side, had the following details of the work in his paper of yesterday, which we give to THE LITTONK readers.

The rock through which the drill has been going proved to be exceedingly hard and solid. At a depth of 500 feet the first strata of Trenton limestone was passed and a strata of soap stone was struck. Immediately below this the drill went 36 feet in saline rock which came from the well like granulated sugar.

At noon Tuesday the first strata of oil-bearing rock was reached at a depth of about 575 feet.

The indications are splendid and bear out the calculations of President Brown of the Ohio Valley Oil and Gas Company, who is looking after the Company's interests here. Mr. Brown has named each strata of rock to be passed through and the drill has struck the strata named every time at practically the exact depth named by him. As a pointer to the future prospect Mr. Brown says that when the second layer of oil-bearing rock is reached oil will be found in paying quantities, seeped in from a still lower strata, and that when that lower strata is reached a "gusher" will in all probability be the reward. Mr. Brown seems to have no doubt whatever that oil will be found in the Perrie well in large volume when the proper depth is reached.

We get the following information from the drillers:

The drill bar passed through the Trenton limestone Saturday night at 10:30 at a depth of 795 feet. Then it plunged into 20 feet of soapstone, then landed in the Dover sand, which was 45 feet thick. Then it penetrated the carboniferous sand which the drill is still in at a depth of 975 feet. The drillers are expecting to strike a lake of oil at any time as the indications are very favorable. Mr. Brown, President of the Company, watches the drill bar constantly as it penetrates the carboniferous sand, as he expects to get a flow of oil at any time.

At 11 o'clock Tuesday night drilling was stopped to repair a defect in the apparatus which threatened a bad break and the possible losing of the drill. While this is being done, the well will be cased down to the present depth of about 900 feet. On account of the quantity of water flowing in it would have been necessary in any case to case it off some time Wednesday. Drilling will be resumed Wednesday evening.

OIL WELL NOTES.

The drill has struck a greasy spot, anyhow. It is an "oil" well now since oil has made its appearance.

Meers, Hanes and Fugh, the drill contractors, were in Maysville Saturday on business and were favorably impressed with the city.

Mr. Crothers, the driller at the Perrie well, who was disabled with a fractured knee, was able to come to town Sunday, with the assistance of his engineer, Mr. Allen.

FREE ADVICE TO WOMEN

Women suffering from any form of illness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

See notices elsewhere of J. C. Rogers, Administrator of Mrs. Lida C. Rogers.

Regular meeting of Maysville Council No. 1377, K. of C., this evening at 7:30 o'clock. A full attendance desired.

Watches

One of our most important departments is the Watch Department, which has a well earned reputation throughout this section of the State. Here you will find an extensive stock of the best known movements and a very wide selection of beautiful and substantial cases that will insure meeting all preferences. Every watch we sell represents the best value obtainable for the price. And we have as much interest in the satisfactory performance of each of our watches after its sale as has the purchaser. We guarantee absolute satisfaction, as well as the manufacturer. Every watch we sell represents the best value.

Our Optical Department

Never in the history of our business has our optical business been as large as in the last month. Why? Because "WE KNOW HOW." Twenty years in business has gained for us a reputation we are proud of—the best goods at the right prices. Quality and satisfaction guaranteed. Ask those satisfied customers who use our Spectacles. They are numerous.

Street Construction Ordinance

An Ordinance, Ordering the Original Construction of a Permanent Macadam Street, With Bituminous Binder, on Third Street, From the West Margin of Wall Street to the West Margin of Lower Street; and on West Second Street, From the West Property Line Extended of the Maysville Manufacturing Company's Plant to the East Margin of the Culvert Over Beasley Creek; and on Fourth Street, From the East Margin of Market Street to the East Margin of Plum Street; and on Bridge Street and East Second Street, From the North Margin of Third Street, Thence With Bridge Street and East Second Street to the West Margin of Union Street; and on Limestone Street, From the South Margin of Third Street to the North Margin of Fourth Street; and on Market Street, From the North Margin of Second Street to the North Margin of Front Street; and on Sutton Street, From the North Margin of Front Street to the North Margin of Third Street; and on Wall Street, From the South Margin of Second Street to the North Margin of Third Street, and Concrete Curb, Except Where Heretofore Constructed, in the City of Maysville, Ky., on the Ten-Year Bond or Payment Plan.

Be it ordained by the Board of Council of the City of Maysville as follows:

SEC. 1. That the following streets and parts of streets in the City of Maysville be improved by original construction by constructing a permanent macadam limestone street with bituminous binder, from the inner line of curbing on the outer sides of the pavements thereon for sidewalks, and concrete curb, but so as to include the curbing on both sides of said streets, except where heretofore constructed, between the lines thereof, as follows:

On Third street, from the West margin of Wall street to the West margin of Lower street; and on West Second street, from the West property line extended of the Maysville Manufacturing Company's plant to the East margin of the culvert over Beasley creek; and on Fourth street, from the East margin of Market street to the East margin of Plum

street; and on Bridge street and East Second street, from the North margin of Third street thence with Bridge street and East Second street to the West margin of Union street; and on Limestone street, from the South margin of Third street to the North margin of Fourth street; and on Market street, from the North margin of Second street to the North margin of Front street; and on Sutton street, from the North margin of Front street to the North margin of Third street; and on Wall street, from the South margin of Second street to the North margin of Third street, with concrete curb, except where heretofore constructed, in the City of Maysville, Ky.

SEC. 2. That the same be constructed in accordance with the plans and specifications on file at the office of the Mayor of the City of Maysville, which are now referred to and adopted and made part of this ordinance and attached hereto.

SEC. 3. The construction of each of said streets, except as hereinafter provided, shall be at the exclusive cost of the owner or owners of lots and parts of lots of land fronting or abutting or bordering thereon, which cost shall be apportioned by the Board of Council to said lots according to the number of front feet thereof abutting on said streets respectively.

The cost of constructing the street and alley intersection from curb to curb shall be borne by the City of Maysville and paid in the same manner as herein provided for other property owners.

SEC. 4. The accepted bidder shall execute bonds to the City of Maysville in a sum with good and sufficient security, equal to 25% of the contract estimate, to be approved by the Board of Council of said city, for the faithful performance of his contract, and further conditioned that said construction will be of such quality of material and such grade of workmanship as to remain in a substantially good condition for a period of two years after its acceptance, and further that he will indemnify said city against any and all loss sustained by reason of his negligence or defective construction. And the contractor shall within ten days begin his work under said contract, and shall complete the same without delay.

SEC. 5. When the work is completed in accordance with the contract and specifications, the work shall be received by the said City Council upon a certificate from the City Engineer and Street Paving Committee, stating that the work has been done according to contract and specifications, and the said City Engineer shall apportion the cost of said improvement against the lots or grounds abutting or bordering the improvements, and any owners of the lots or grounds abutting or bordering the improvements desiring to settle in cash for the improvement assessed against them, may within thirty days after the adoption of the apportionment, pay the amount assessed against them to the City Treasurer, who shall place the money in the "Street Improvement Fund." At the expiration of thirty days after the adoption of the apportionment, the Treasurer shall report to the Council the amount of cash received, from whom and upon what lots it is paid, and the Council shall order the Mayor and City Treasurer and Chairman of the Ways and Means Committee to advertise Street Improvement Bonds for sale to cover the unpaid balance, together with all the expenses attending the issue and sale of said bonds, including the advertisement, cost of printing bonds, etc., said bonds to bear interest at the rate of 6% per annum, and when the bonds shall have been sold, the money realized therefrom shall be placed in the "Street Improvement Fund," and an order drawn against said fund in favor of the contractor, for the entire amount due him, including interest at the rate of 6% per annum, from the time the work was accepted by the City Council to the date of payment to him.

SEC. 6. That within thirty days after the advertisement for the sale of said Street Improvement Bonds, it shall be the duty of the Mayor to issue the bonds of the city, which shall be signed by the Mayor and City Clerk with municipal seal impressed thereon and interest coupon attached, payable semi annually at the rate of 6% per annum, said bonds shall be issued in denominations of five hundred dollars (\$500) each, payable ten years after date, provided, however, that said bonds may be redeemed at the option of the city at any time before maturity by paying the face of the

bond with accrued interest to the date of such redemption; and said bonds shall be dated on the date the work was completed and accepted by the City Council, and shall be payable at the State National Bank, Maysville, Ky.; but said bonds shall not be sold for less than par and accrued interest. The amount of said bonds issued for any one improvement shall be the amount of the unpaid assessments as shown by the Engineer's apportionment, together with the cost of advertising said bonds for sale, the making of same and all expenses attending the issue of same, and the total amount thereof shall be assessed equally by the front foot upon the property fronting, abutting or bordering upon said improvement. This improvement is undertaken under the provisions of Section 3572, and the amendments thereto of the Kentucky Statutes, and is to be paid for by the property holders abutting the property improved.

The assessment shall be made as soon as the improvement is fully completed and the sum assessed, together with the cost attending the sale and issue of said bonds as aforesaid, against each piece of property and the owners thereof shall be placed upon the tax list of the city, and shall be payable at the office of the City Treasurer in ten equal annual installments with interest at the rate specified in said bonds upon the unpaid portion thereof, and the said assessment shall be a lien upon the lots, parts of lots and parcels of land fronting, abutting or bordering upon said improvements and said bonds shall be issued upon the faith and credit of said assessments and liens, but in no event upon the faith and credit of the City of Maysville. The first installment, together with interest as provided upon the whole amount at the rate specified, shall be payable at the first payment of taxes next succeeding the time the assessment is placed upon the tax list, the interest to be computed to the date that taxes are due and payable, and the other installments annually thereafter, and always at the payment of other city taxes, with interest on the installments not due at that time until all installments are paid. The assessment may be collected like other city taxes, or the city may at any time after one installment remains delinquent thirty days, by suit in equity, enforce its lien for all the unpaid installments, with interest thereon until the date of satisfaction of same, and its costs expended.

The bonds shall be numbered consecutively series No. —, from No. 1 to the number required, and shall be in denomination of five hundred dollars (\$500) each, except that one may be for a smaller amount than said sum to cover any remaining fractional part of \$500 said work may cost, with appropriate interest coupons attached. They shall all bear date of the acceptance of said work.

The said bonds shall not be issued upon the faith and credit of the City of Maysville for the payment thereof, but the faith and credit of the City of Maysville shall be pledged for the sums realized upon the apportionment against the property for the cost of the improvement of said streets, as in this ordinance provided, only after same shall have been collected and paid to the Collector and Treasurer, as in this ordinance provided; and said bonds shall be redeemable and payable, not on the faith and credit of the city, but out of and secured by lien on the assessments to be made and apportioned against said lots and parts of lots or lands abutting on the streets and parts of streets so herein ordered to be constructed and curbed. All money paid, received or collected upon the assessments against the lots, as in this ordinance provided to be made, and interest on the deferred annual payments, as provided in Section 5 of the Act approved March 28th, 1894, and the amendment thereto, passed and approved March 24th, 1908, and all money arising from the sale of bonds herein provided for, shall be kept by the City Treasurer in a separate fund, to be known as a "Street Improvement Fund," and said bonds shall be paid out of the amount realized upon said assessments to be made and apportioned upon the said properties abutting upon said streets and parts of streets as above, and said assessments received, paid and collected as provided for in like cases in Section 5 of an Act of the General Assembly of the Commonwealth of Kentucky, entitled "An Act to Amend an Act for the Government of Cities of the Fourth Class," and the above mentioned amendment thereto, approved June 28th, 1893, and approved March 24th, 1894, and Sections — of the Kentucky Statutes.

SEC. 7. All moneys received from the assessments in this ordinance provided to be made shall be appropriated and paid out upon the order of the Board of Council upon the City Treasurer, and for the payment of the interest and the redemption of the bonds which may be issued for the payments herein provided for and for no other purpose.

SEC. 8. The cost of said improvements, assessed against any piece of ground or owner thereof shall not exceed one-half of the value of such ground after the improvements are made, excluding the value of all buildings and other improvements upon the property so improved.

SEC. 9. J. Wesley Lee, Mayor; W. E. Kirwin, Clerk, and James W. Fitzgerald, City Treasurer, of the City of Maysville, Ky., are hereby appointed a committee to advertise for bids for improving said streets and parts of streets as in this ordinance provided, and in accordance with the specifications adopted by this Board and they shall adopt such means of advertising as in their judgment shall be productive of the greatest benefit and procure the largest number of bids, and the said bids to be sealed,

endorsed Street Improvement Bonds, and directed to the City Clerk, who shall keep them and open them in the presence of the City Council. Each bidder shall accompany his bid with a certified check on a solvent bank, payable to the order of the City Treasurer, for 5% of the amount of his bid, which amount will be returned in case of a rejection of said bid, and to the successful bidder, upon acceptance of his bid and formal execution of contract, the city to reserve the right to reject any or all bids.

SEC. 10. All ordinances and parts of ordinances in conflict herewith are now repealed.
SEC. 11. This ordinance shall be in full force and effect from and after its adoption and publication in a manner provided by law.
Adopted 1st day of May, 1911.
Approved — day of —, 1911.
J. WESLEY LEE,
Mayor City of Maysville.

NOT NECESSARY

We don't need any of our instruments and very little of our optical knowledge when we sell stock lenses. When one has a thorough knowledge of optics and uses scientific instruments he usually finds that stock lenses will not correct the optical defects of the eye. If one sells nothing but stock lenses he has no use for grinding machinery, and can sell his stock lenses at the price of the special lenses of the manufacturing optician, he certainly makes money selling glasses.

We Sell the Best Stock Lenses for 50c

Speechless For Thanks

Meas, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York of this city. "I suffered from womanly ailments for nearly two years before I tried Cardui. I have been so relieved since taking it, I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women." Cardui is over 50 years old, and the demand is greater today than ever. Cardui is the standard tonic medicine for women of every age. Would you like to be well and strong? Then take Cardui. Its record shows that it will help you. Begin today. Why wait?

The will of the late Miss Frances Laabrooke was left for record this morning.

Mrs. Emma Jennings of West Second street has been granted a pension of \$12 per month.

Eugene Campbell of Aberdeen, engineer at the Maysville Planing Mill, had the misfortune to have his arm badly scalded recently.

Mr. George W. Means, aged 70, a native of Tollesboro and a cousin of Major W. H. Means of Maysville, died at his home in Mt. Sterling, Ill., Wednesday.

The installation of the great 1,800-pound bell in St. Joseph's Catholic Church at Winchester will take place Saturday, May 20th, with appropriate ceremonies, the dedication of the new church to take place next day. Right Rev. C. P. Maas, Bishop of this Diocese, will officiate, assisted by neighboring Clergy.

Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE TO 3% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. A few worth of coal will heat the entire house, two rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants."

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now.

THE WILLIAMSON CO., 385 West Fifth Street, CINCINNATI, OHIO.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; it increases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
